And the Ox and Lamb kept count!

July 2012

The longest summer day of the year 2012 has passed and in less than six months Christmas will again arrive. In December 2012 the American people along with the rest of the world will celebrate the greatest leader that ever existed and God's leadership is not in dispute.

Holding second place, in less than six months Americans will again go to the polls to elect a leader for the next four years. How can it be the people have become so enthralled in electing an American leader we have put aside planning a celebration for the greatest leader will be in less than six months and his leadership is for that of eternity?

The quality of the American nation is dependent upon the quality of its leaders and history will provide how America's leaders and others faired in the eyes of the poor of the nation(s). Whereas God has given, God will not take one's right to choose between short lived Earthly money life and Eternal life. The choice is yours!

God requires gifts not of monetary value and does not require being elected to power, for he is the power behind all that is; the poorest of gifts given found within the soul is that what one wishes to give and is not that of what God demands. Even the poorest of humanity carries within their heart the greatest gift that can be given and they also carry the power of a vote.

Whereas 70 million believe money is a controlling factor, lest not forget, money does not represent a false God but only misleads the ignorant.

Choose Wisely and Vote Wisely - The choice is yours!
